VINTAGE 2022

IN THE VINEYARD

On February 3, 2010, Demeter USA, the only certification agent for Biodynamic® farms in the United States, certified the 17-acre estate vineyard and garden at DeLoach Vineyards, fully compliant with their standards for Demeter Biodynamic status. As one of less than 100 wineries or vineyards in the U.S. with Demeter certified Biodynamic estate vineyards, DeLoach is among an elite group of sustainable wine grape growers committed to farming in parallel with the Earth's natural cycles.

CONVERSATIONS WITH THE WINEMAKER

Planted on Huichica clay loam soil, our Estate has eight blocks of Pinot Noir with a unique combination of clone and rootstock. The 2022 Estate Pinot Noir was harvested on September 1 and is made using all of our eight estate clones – 115, 828, Swan, La Tache, Calera and Mt. Eden, 777 and 23. This combination of clones showcases the ideal expression of the estate's terroir and were fermented in individual lots with native yeasts in open top fermenters, basket-pressed and aged on lees before being blended together.

TASTING NOTES

The 2022 Estate Pinot Noir welcomes you with enticing aromas of juicy cherry, ripe raspberry, and a whisper of warm vanilla and spice. On the palate, decadent notes of dark cocoa intertwine with luscious black cherry, vibrant red plum, and sweet strawberry. Silky tannins and lively acidity create a beautifully balanced structure, leading to a lingering and deeply satisfying finish.
